

Bringing Healthcare Home

Carol A. Snow, President

The mission of the 53-year-old nonprofit VNA and Hospice always has been to provide high quality, compassionate home health care to residents of the Central Coast. Covering a geographical area from Morgan Hill to the north and Fort Hunter Liggett to the south, our staff brings healthcare to your home.

There have been many

challenges during 2003 including the economic downturn, the continuing national shortage of nurses and other clinical personnel, reduced government reimbursement and increasing governmental regulations. VNA and Hospice has persevered, due to the steadfast commitment and dedication of donors, the leadership and guidance of our Boards, and our heroic staff who unwaveringly believe in our mission to the communities that we serve.

Technology has played a major role at VNA in 2003. We now have more than 30 nurses using "point-of-care" devices -- small laptops that replace bulky paper field

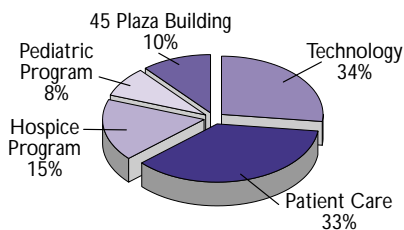

charts and provide staff with complete and immediate patient data while in the patient's home. We also have been able to expand VNA's telehomecare program, placing units into more homes which provide additional nursing contact with many frail patients.

Our heartfelt thanks to each of you for your belief in our mission, and to the physicians and other referral sources who connect us with you. To discuss current or estate gifts, please feel free to contact any of the CCVNA Foundation staff at 831-372-6668 or visit our website at www.ccvna.com.

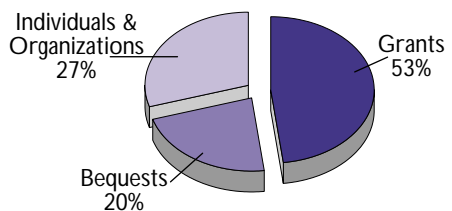

Carol A. Snow
